

OUHSC Advanced TF-CBT Conference

May 9th & 10th, 2019

OUHSC Nicholson Conference Center, Oklahoma City, OK

Register Now for the OUHSC 2019 Advanced TF-CBT Conference

This two-day conference on Thursday and Friday, May 9th and 10th, 2019, at the University of Oklahoma Health Sciences Center in Oklahoma City will provide therapists with extended training in the application of Trauma-Focused Cognitive Behavioral Therapy (TF-CBT). It is designed for therapists who previously completed a two-day introductory TF-CBT training and are actively implementing the model in their therapeutic work.

Each conference day will provide intensive morning sessions on Trauma Narrative implementation (Thursday) and Cognitive Processing (Friday). Intensive sessions are offered at three skill levels to support tailored training experiences for participants. Afternoon sessions will offer varied interactive workshops on TF-CBT implementation from which participants can select. A detailed listing of this year's sessions will be provided in the coming weeks.

Training Prerequisites

The two-day TF-CBT training is designed for the following:

- Master's level therapist or higher OR in a graduate level psychology training program
- Completion of TF-CBT Web
- Completion of 2-day Introductory TF-CBT training
